

# PRESS RELEASE

## PhilSys Provincial Training and Refresher Program conducted in Zamboanga del Norte

**Date of Release:** 10 February 2022

Reference No. 2022-001

The Philippine Statistics Authority – Zamboanga del Norte, headed by Chief Statistical Specialist Ma. Lila D. Daan and PhilSys Focal Person Melody P. Tabigne, successfully administered the 2022 Philsys Provincial Training and Refresher program last January 20-22, 2022. This activity was done to refresh and recollect PhilID Registration concepts and principles in order to achieve a more precise and accurate gathering of information in the province. The said event underscored updates and clarifications shedding light on questions raised by the registration teams during the training and establishing uniformity in dealing with client's complaints and inquiries. Through this, Philsys personnel will obtain a deeper understanding and confidence in the registration process thereby providing an improved quality of service to the residents of Zamboanga del Norte that is geared towards client's satisfaction.

The PhilSys-Zamboanga del Norte continues to encourage the public to be registered to the PhilID (National ID) as this will establish uniqueness in one's identity, making transactions in both government and private simpler and seamless. Registration Centers were placed across the province. Those who intends to be registered may visit the Philsys Fixed Registration Center situated in PSA Office or any of the available Registration Centers located in the following cities and municipalities such as Dipolog City, Dapitan City, La Libertad, Sibutad, Polanco, Katipunan, Roxas, Manukan, Sindangan, Liloy, Labason, Siocon, and Sirawai. Interested individuals are advised to bring the necessary supporting documents in order to avoid going back and forth to the registration center for reasons such as incomplete supporting documents. While not all municipalities have registration centers, the agency is consistently conducting coordination activities with LGUs in preparation for the remaining centers to be launched.
