Philippine Statistics Authority (PSA) is committed to registering and issuing Philippine Identification cards to all Filipinos of Zamboanga del Norte. Various strategies and approaches have been implemented to ensure inclusivity in the registration process. PhilSys Registration teams have reached out to residents and conducted registrations in far-flung municipalities and barangays to warrant the efficiency and inclusivity of the registration. Among the planned and implemented schemes was the house-to-house approach, bringing the registration to the doorsteps of registrants, particularly those with senior citizens and family members with disabilities. This approach alleviates the inconvenience and hassles of transporting these individuals to registration centers. PhilSys Registration Teams are diligently working to ensure an inclusive and efficient National ID registration in Zamboanga del Norte.
