Statistical Specialist I Nadine M. Sanguyo of the Central Office – Livestock and Poultry Survey Division, together with Statistical Specialist II Rasul J. Maruji, the Provincial Focal Person (PFP) for the Livestock and Poultry Survey, conducted field supervision of seven hired Statistical Researchers for the LPS: Households in Brgy. Malintubuan, Labason on April 2; in Brgy. Binuangan and Brgy. Dumalogdog, Sindangan on April 3; and in Brgy. Baylimango, Dapitan City on April 4.

The objectives of the supervision were to ensure the proper delivery of survey questions and the correct implementation of Computer-Assisted Personal Interviewing (CAPI) as the mandated replacement for Pen-and-Paper Personal Interviewing (PAPI). However, upon observation, it was noted that additional paper questionnaires or notebooks were needed for data balancing for swine and native chicken. The Central Office (CO) representative concluded that the Statistical Researchers met the standards set by CO guidelines and carried out their duties and responsibilities, demonstrating hard work and perseverance in coordination with the Provincial Focal Person (PFP).
